We understand.

Testing Services Government & Business

Pacific Interpreters™ offers assessments designed to provide our clients with an independent appraisal of a candidate’s level of linguistic proficiency and interpreting skills. We have dedicated staff and consultants that support our Testing services, with testing available in more than 30 languages.

TEST 1 – BILINGUAL FLUENCY ASSESSMENT (BFA)

The Bilingual Fluency Assessment evaluates the candidate’s oral fluency and listening comprehension in English and the target language, and assesses vocabulary, grammar, clarity, and flow of speech. Each language is evaluated separately.

TEST 2 – INTERPRETER READINESS ASSESSMENT (IRA)

Building on the BFA, the Interpreter Readiness Assessment evaluates the candidate’s oral fluency and listening comprehension in English and the target language, and further assesses the candidate’s ability to convert in the consecutive mode with accuracy and completeness. As with the BFA, this assessment does not include industry-specific terminology, industry standards, or protocols.

TEST ELEMENTS	BILINGUAL FLUENCY	INTERPRETER READINESS
Fluency in English	X	X
Fluency in Target Language	X	X
Conversion Skills		X
Cost	\$115	\$125
